2. **SCOPE OF ALLOWABLE USE OF FUNDS:** In exchange for grant funds from the Coronavirus Relief Fund established by H.R. 748, Section 5001 provided by the United States government to the State of New Hampshire, the State of New Hampshire, acting through the Agency identified in Paragraph 1.1 (hereinafter referred to as “the State”), the Grantee identified in Paragraph 1.3 (hereinafter referred to as “the Grantee”), agrees and covenants that the funds will be used solely for an allowable purpose as defined in H.R. 748, Section 5001, for which Grantee has not received payment or reimbursement from any other source, defined as:

1. Necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
2. Expenditures that were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
3. Were incurred during the period that begins on March 1, 2020, and for purposes of this Agreement, ends on August 30, 2020.

The allowable purposes and use of funds are more specifically described in EXHIBIT A.

### 3. EFFECTIVE DATE: COMPLETION OF GRANT.

This Agreement, and all obligations of the parties hereunder, shall become effective on the date of approval of this Agreement by the State in paragraph 1.12 (“the effective date”).

Except as otherwise specifically provided herein, this Grant, including all reports required by this Agreement, shall be completed in their entirety prior to September 30, 2020.

### 4. GRANT AMOUNT: LIMITATION ON AMOUNT: VOUCHERS: PAYMENT.

The Grant Amount is identified and more particularly described in EXHIBIT B, attached hereto.

The manner of, and schedule of payment shall be as set forth in EXHIBIT B.

In accordance with the provisions set forth in EXHIBIT B, and in consideration of the satisfactory performance of the Grant, as determined by the State, the State shall pay the Grantee up to the Grant Amount.

The payment by the State of the Grant amount shall be the only, and the complete payment to the Grantee for all expenses, of whatever nature, incurred by the Grantee and claimed as allowable expenses under this Agreement. To the extent that the Grant amount does not cover all of the Grantee’s allowable expenses, nothing in this Agreement shall be construed to limit the Grantee’s ability to pursue other COVID-19 relief that may be available. However, under this Agreement, the State shall have no liabilities to the Grantee other than the Grant Amount.

Notwithstanding anything in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made, hereunder exceed the Grant limitation set forth in Paragraph 1.8 of these general provisions.

5. **COMPLIANCE BY GRANTEE WITH LAWS AND REGULATIONS.** In connection with the performance of the Grant, the Grantee shall comply with all statutes, laws, regulations, and orders of federal, state, county, or municipal authorities which shall impose any obligations or duty upon the Grantee, including the acquisition of any and all necessary permits.

### 6. RECORDS AND ACCOUNTS.

Between the Effective Date and the date three (3) years after the Completion Date the Grantee shall keep detailed accounts of all expenses incurred in connection with the Grant, including, but not limited to, costs of administration, transportation, insurance, telephone calls, and clerical materials and services. Such accounts shall be supported by receipts, invoices, bills and other similar documents.

Between the Effective Date and the date three (3) years after the Completion Date, at any time during the Grantee's normal business hours, and as often as the State, the U.S. Department of Treasury or OMB shall demand, the Grantee shall make available to the State, the U.S. Department of Treasury or OMB all records pertaining to matters covered by this Agreement. The Grantee shall permit the State, the U.S. Department of Treasury or OMB to audit, examine, and reproduce such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, data, and other information relating to all matters covered by this Agreement. As used in this paragraph, "Grantee" includes all persons, natural or fictional, affiliated with, controlled by, or under common ownership with, the entity identified as the Grantee in Paragraph 1.3 of these provisions

#### 7. PERSONNEL.

The Grantee shall, at its own expense, provide all personnel necessary to perform the Grant. The Grantee warrants that all personnel engaged in the Grant shall be qualified to perform such Grant, and shall be properly licensed and authorized to perform such Grant under all applicable laws. Grantee shall comply with all state and federal personnel and labor laws applicable to its employees.

The Grant Officer shall be the representative of the State hereunder. In the event of any dispute hereunder, the interpretation of this Agreement by the Grant Officer, and his/her decision on any dispute, shall be final.

8. CONDITIONAL NATURE OF AGREEMENT. Notwithstanding anything in this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability or continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available or appropriated funds. In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Grantee notice of such termination.

#### 9. EVENT OF DEFAULT: REMEDIES.

Any one or more of the following acts or omissions of the Grantee shall constitute an event of default hereunder (hereinafter referred to as "Events of Default"):

Failure to perform the Grant satisfactorily or on schedule; or

Failure to submit any report required hereunder; or

Failure to maintain, or permit access to, the records required hereunder; or

Failure to perform any of the other covenants and conditions of this Agreement.

Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

Give the Grantee a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Grantee notice of termination; and

Give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the

Grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and

Set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and

Recoup from the Grantee, including by withholding any other payment of funds that becomes due to Grantee from the State, any payments under this Agreement that have been used in a manner contrary to the terms of this Agreement or the Coronavirus Relief Fund, H.R. 748, Section 5001; and

Treat the Agreement as breached and pursue any of its remedies at law or in equity, or both.

#### 10. TERMINATION.

In the event of any early termination of this Agreement for any reason other than the completion of the Grant, the Grantee shall deliver to the Grant Officer, not later than fifteen (15) days after the date of termination, a report (hereinafter referred to as the "Termination Report") describing in detail all Grant expenses reimbursed, and the Grant Amount earned, to and including the date of termination.

In the event of Termination under paragraph 9 of these general provisions, the approval of such a Termination Report by the State shall entitle the Grantee to receive that portion of the Grant amount earned to and including the date of termination.

The approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.

Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

11. CONFLICT OF INTEREST. No officer, member or employee of the Grantee, and no representative, officer or employee of the State of New Hampshire or of the governing body of the locality or localities in which the Grant is to be performed, who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of such Grant, shall participate in any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership, or association in which he or she is directly or indirectly interested, nor shall he or she have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof.

12. GRANTEE'S RELATION TO THE STATE. In the performance of this Agreement the Grantee, its employees, and any subcontractor or subgrantee of the Grantee are in all respects independent contractors, and are neither agents nor employees of the State. Neither the Grantee nor any of its officers, employees, agents, members, subcontractors or subgrantees, shall have authority to bind the State nor are they entitled to any of the benefits, workmen's compensation or emoluments provided by the State to its employees.

13. ASSIGNMENT AND SUBCONTRACTS. The Grantee shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the State.

14. INDEMNIFICATION. The Grantee shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts

or omissions of the Grantee or subcontractor, or subgrantee or other agent of the Grantee. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this Agreement.

**15. INSURANCE AND BOND.**

The Grantee shall, at its own expense, obtain and maintain in force, the following insurance:

Statutory workmen's compensation and employees liability insurance for all employees engaged in the performance of the Grant, and

Comprehensive public liability insurance against all claims of bodily injuries, death or property damage, in amounts not less than \$1,000,000 per occurrence and \$2,000,000 aggregate for bodily injury or death in any one incident, and \$500,000 for property damage in any one incident; and

The policies shall be the standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire.

**16. WAIVER OF BREACH.** No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.

**17. NOTICE.** Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, by United States Mail, addressed to the parties at the addresses first above given.

**18. AMENDMENT.** This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Council of the State of New Hampshire, if required or by the signing State Agency.

**19. CONSTRUCTION OF AGREEMENT AND TERMS.** This Agreement shall be construed in accordance with the law of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assignees. The captions are used only as a matter of convenience, and are not to be considered a part of this Agreement or to be used in determining the intent of the parties hereto.

**20. THIRD PARTIES.** The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

**21. ENTIRE AGREEMENT.** This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire agreement and understanding between the parties, and supersedes all prior agreements and understandings relating hereto.

**22. SPECIAL PROVISIONS.** The additional provisions set forth in EXHIBIT C hereto are incorporated as part of this Agreement.

**GOFERR GRANT AGREEMENT EXHIBIT A**

**Scope of Allowable Uses of Coronavirus Relief Fund Grant**

1. Grantee agrees that all expenditures for costs that it submits for reimbursement under this agreement shall meet the following criteria:

- a.) are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
- b.) were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
- c.) were incurred during the period that begins on March 1, 2020, and for purposes of this Agreement, ends on August 30, 2020.

2. As used herein the criteria above shall have the following meaning:

- a.) Necessary expenditures due to the public health emergency means expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow local government to respond directly to the COVID-19 emergency, such as by addressing medical or public health needs. Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute.

- b.) Costs not accounted for in the budget most recently approved as of March 27, 2020 means:
  - (i) the cost cannot lawfully be funded using a line item, allotment, or allocation within the Grantee’s budget meeting the above definition, but excluding subsequent supplemental appropriations, including from a rainy day or reserve fund or other budgetary adjustments taken to respond to COVID-19; or
  - (ii) the cost is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation.

- c.) A cost is “incurred” when the responsible unit of government has expended funds to cover the cost during the period March 1, 2020 to December 30, 2020.

3. The U.S. Treasury guidance on allowable uses of Coronavirus Relief Funds (Exhibit A.1) and U.S. Treasury Answers to Frequently Asked Questions (FAQ’s) regarding allowable uses of Coronavirus Relief Funds (Exhibit A.2) are incorporated herein and made part of this Agreement as if set forth in full.

4. Grantee is required to exhaust other available sources of COVID-19 relief funds first. Grantee will not submit allowable expenditures for reimbursement under this Agreement that are, or may, also be eligible for reimbursement from any other available federal or other public funding source for COVID-19 relief that is now, or that becomes available during the term of this Agreement, including, but not limited to the Federal Emergency Management Agency (FEMA), the Centers for Disease Control (CDC), Health and Human Services including Medicaid and Medicare, Treasury or the Small Business Administration until application has been made for such other funding and been disallowed or paid only in part. If an allowable expenditure is denied or covered only in part by such alternate relief funding source, the expenditure or remainder will be allowed under this Agreement during the period of

reimbursement in which the denial or partial payment decision is received, subject to the statutes, rules and guidance for the alternate funding source. For example, at this time, FEMA reimbursement is for 75% of allowable costs, but the 25% State or local match cannot be made up from other federal funds.

5. Except as specifically waived by OMB or Treasury for recipients of Coronavirus Relief Funds, the provisions of 2 C.F.R. 200 shall apply to this Grant, including but not limited to, if Grantee has received more than \$750,000 in federal funds from all sources, the federal single audit requirements of §200.501.

6. Unique entity identifier and System for Award Management (SAM)—Required. Grantees must normally (i) Be registered in SAM before submitting an application; (ii) provide a valid unique entity identifier in its application; and (iii) continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency. This requirement has been relaxed by OMB for grants related to Coronavirus Relief Funds so that Grantees must only submit proof of SAMs registration and the unique entity identifier prior to their first receipt of funds. EXHIBIT I and J should be returned completed with the executed Grant Agreement, and must be received completed before any disbursement can be made.

7. The U.S. Treasury may issue subsequent or further guidance on allowable uses of Coronavirus Relief Funds. Therefore GOFERR may periodically issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into this Agreement. The Grantee agrees to abide by any SG, SN or other instructions issued by GOFERR.

**Coronavirus Relief Fund**  
**Guidance for State, Territorial, Local, and Tribal Governments**  
**April 22, 2020**

The purpose of this document is to provide guidance to recipients of the funding available under section 601(a) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act established the Coronavirus Relief Fund (the “Fund”) and appropriated \$150 billion to the Fund. Under the CARES Act, the Fund is to be used to make payments for specified uses to States and certain local governments; the District of Columbia and U.S. Territories (consisting of the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands); and Tribal governments.

The CARES Act provides that payments from the Fund may only be used to cover costs that—

1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or government; and
3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.<sup>1</sup>

The guidance that follows sets forth the Department of the Treasury’s interpretation of these limitations on the permissible use of Fund payments.

***Necessary expenditures incurred due to the public health emergency***

The requirement that expenditures be incurred “due to” the public health emergency means that expenditures must be used for actions taken to respond to the public health emergency. These may include expenditures incurred to allow the State, territorial, local, or Tribal government to respond directly to the emergency, such as by addressing medical or public health needs, as well as expenditures incurred to respond to second-order effects of the emergency, such as by providing economic support to those suffering from employment or business interruptions due to COVID-19-related business closures.

Funds may not be used to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify under the statute. Although a broad range of uses is allowed, revenue replacement is not a permissible use of Fund payments.

The statute also specifies that expenditures using Fund payments must be “necessary.” The Department of the Treasury understands this term broadly to mean that the expenditure is reasonably necessary for its intended use in the reasonable judgment of the government officials responsible for spending Fund payments.

***Costs not accounted for in the budget most recently approved as of March 27, 2020***

The CARES Act also requires that payments be used only to cover costs that were not accounted for in the budget most recently approved as of March 27, 2020. A cost meets this requirement if either (a) the cost cannot lawfully be funded using a line item, allotment, or allocation within that budget *or* (b) the cost

---

<sup>1</sup> See Section 601(d) of the Social Security Act, as added by section 5001 of the CARES Act.

is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation.

The “most recently approved” budget refers to the enacted budget for the relevant fiscal period for the particular government, without taking into account subsequent supplemental appropriations enacted or other budgetary adjustments made by that government in response to the COVID-19 public health emergency. A cost is not considered to have been accounted for in a budget merely because it could be met using a budgetary stabilization fund, rainy day fund, or similar reserve account.

***Costs incurred during the period that begins on March 1, 2020, and ends on December 30, 2020***

A cost is “incurred” when the responsible unit of government has expended funds to cover the cost.

***Nonexclusive examples of eligible expenditures***

Eligible expenditures include, but are not limited to, payment for:

1. Medical expenses such as:
  - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
  - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
  - Costs of providing COVID-19 testing, including serological testing.
  - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
  - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
  - Expenses for communication and enforcement by State, territorial, local, and Tribal governments of public health orders related to COVID-19.
  - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
  - Expenses for disinfection of public areas and other facilities, *e.g.*, nursing homes, in response to the COVID-19 public health emergency.
  - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
  - Expenses for public safety measures undertaken in response to COVID-19.
  - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
  - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
  - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
  - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
  - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
  - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
  - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
  - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
  - Expenditures related to a State, territorial, local, or Tribal government payroll support program.
  - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy the Fund's eligibility criteria.

***Nonexclusive examples of ineligible expenditures<sup>2</sup>***

The following is a list of examples of costs that would *not* be eligible expenditures of payments from the Fund.

1. Expenses for the State share of Medicaid.<sup>3</sup>
2. Damages covered by insurance.
3. Payroll or benefits expenses for employees whose work duties are not substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

---

<sup>2</sup> In addition, pursuant to section 5001(b) of the CARES Act, payments from the Fund may not be expended for an elective abortion or on research in which a human embryo is destroyed, discarded, or knowingly subjected to risk of injury or death. The prohibition on payment for abortions does not apply to an abortion if the pregnancy is the result of an act of rape or incest; or in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed. Furthermore, no government which receives payments from the Fund may discriminate against a health care entity on the basis that the entity does not provide, pay for, provide coverage of, or refer for abortions.

<sup>3</sup> See 42 C.F.R. § 433.51 and 45 C.F.R. § 75.306.

4. Expenses that have been or will be reimbursed under any federal program, such as the reimbursement by the federal government pursuant to the CARES Act of contributions by States to State unemployment funds.
5. Reimbursement to donors for donated items or services.
6. Workforce bonuses other than hazard pay or overtime.
7. Severance pay.
8. Legal settlements.

**Coronavirus Relief Fund  
Frequently Asked Questions  
Updated as of May 4, 2020**

The following answers to frequently asked questions supplement Treasury’s Coronavirus Relief Fund (“Fund”) Guidance for State, Territorial, Local, and Tribal Governments, dated April 22, 2020, (“Guidance”).<sup>1</sup> Amounts paid from the Fund are subject to the restrictions outlined in the Guidance and set forth in section 601(d) of the Social Security Act, as added by section 5001 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”).

**Eligible Expenditures**

***Are governments required to submit proposed expenditures to Treasury for approval?***

No. Governments are responsible for making determinations as to what expenditures are necessary due to the public health emergency with respect to COVID-19 and do not need to submit any proposed expenditures to Treasury.

***The Guidance says that funding can be used to meet payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency. How does a government determine whether payroll expenses for a given employee satisfy the “substantially dedicated” condition?***

The Fund is designed to provide ready funding to address unforeseen financial needs and risks created by the COVID-19 public health emergency. For this reason, and as a matter of administrative convenience in light of the emergency nature of this program, a State, territorial, local, or Tribal government may presume that payroll costs for public health and public safety employees are payments for services substantially dedicated to mitigating or responding to the COVID-19 public health emergency, unless the chief executive (or equivalent) of the relevant government determines that specific circumstances indicate otherwise.

***The Guidance says that a cost was not accounted for in the most recently approved budget if the cost is for a substantially different use from any expected use of funds in such a line item, allotment, or allocation. What would qualify as a “substantially different use” for purposes of the Fund eligibility?***

Costs incurred for a “substantially different use” include, but are not necessarily limited to, costs of personnel and services that were budgeted for in the most recently approved budget but which, due entirely to the COVID-19 public health emergency, have been diverted to substantially different functions. This would include, for example, the costs of redeploying corrections facility staff to enable compliance with COVID-19 public health precautions through work such as enhanced sanitation or enforcing social distancing measures; the costs of redeploying police to support management and enforcement of stay-at-home orders; or the costs of diverting educational support staff or faculty to develop online learning capabilities, such as through providing information technology support that is not part of the staff or faculty’s ordinary responsibilities.

Note that a public function does not become a “substantially different use” merely because it is provided from a different location or through a different manner. For example, although developing online

---

<sup>1</sup> The Guidance is available at <https://home.treasury.gov/system/files/136/Coronavirus-Relief-Fund-Guidance-for-State-Territorial-Local-and-Tribal-Governments.pdf>.

instruction capabilities may be a substantially different use of funds, online instruction itself is not a substantially different use of public funds than classroom instruction.

***May a State receiving a payment transfer funds to a local government?***

Yes, provided that the transfer qualifies as a necessary expenditure incurred due to the public health emergency and meets the other criteria of section 601(d) of the Social Security Act. Such funds would be subject to recoupment by the Treasury Department if they have not been used in a manner consistent with section 601(d) of the Social Security Act.

***May a unit of local government receiving a Fund payment transfer funds to another unit of government?***

Yes. For example, a county may transfer funds to a city, town, or school district within the county and a county or city may transfer funds to its State, provided that the transfer qualifies as a necessary expenditure incurred due to the public health emergency and meets the other criteria of section 601(d) of the Social Security Act outlined in the Guidance. For example, a transfer from a county to a constituent city would not be permissible if the funds were intended to be used simply to fill shortfalls in government revenue to cover expenditures that would not otherwise qualify as an eligible expenditure.

***Is a Fund payment recipient required to transfer funds to a smaller, constituent unit of government within its borders?***

No. For example, a county recipient is not required to transfer funds to smaller cities within the county's borders.

***Are recipients required to use other federal funds or seek reimbursement under other federal programs before using Fund payments to satisfy eligible expenses?***

No. Recipients may use Fund payments for any expenses eligible under section 601(d) of the Social Security Act outlined in the Guidance. Fund payments are not required to be used as the source of funding of last resort. However, as noted below, recipients may not use payments from the Fund to cover expenditures for which they will receive reimbursement.

***Are there prohibitions on combining a transaction supported with Fund payments with other CARES Act funding or COVID-19 relief Federal funding?***

Recipients will need to consider the applicable restrictions and limitations of such other sources of funding. In addition, expenses that have been or will be reimbursed under any federal program, such as the reimbursement by the federal government pursuant to the CARES Act of contributions by States to State unemployment funds, are not eligible uses of Fund payments.

***Are States permitted to use Fund payments to support state unemployment insurance funds generally?***

To the extent that the costs incurred by a state unemployment insurance fund are incurred due to the COVID-19 public health emergency, a State may use Fund payments to make payments to its respective state unemployment insurance fund, separate and apart from such State's obligation to the unemployment insurance fund as an employer. This will permit States to use Fund payments to prevent expenses related to the public health emergency from causing their state unemployment insurance funds to become insolvent.

***Are recipients permitted to use Fund payments to pay for unemployment insurance costs incurred by the recipient as an employer?***

Yes, Fund payments may be used for unemployment insurance costs incurred by the recipient as an employer (for example, as a reimbursing employer) related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.

***The Guidance states that the Fund may support a “broad range of uses” including payroll expenses for several classes of employees whose services are “substantially dedicated to mitigating or responding to the COVID-19 public health emergency.” What are some examples of types of covered employees?***

The Guidance provides examples of broad classes of employees whose payroll expenses would be eligible expenses under the Fund. These classes of employees include public safety, public health, health care, human services, and similar employees whose services are substantially dedicated to mitigating or responding to the COVID-19 public health emergency. Payroll and benefit costs associated with public employees who could have been furloughed or otherwise laid off but who were instead repurposed to perform previously unbudgeted functions substantially dedicated to mitigating or responding to the COVID-19 public health emergency are also covered. Other eligible expenditures include payroll and benefit costs of educational support staff or faculty responsible for developing online learning capabilities necessary to continue educational instruction in response to COVID-19-related school closures. Please see the Guidance for a discussion of what is meant by an expense that was not accounted for in the budget most recently approved as of March 27, 2020.

***In some cases, first responders and critical health care workers that contract COVID-19 are eligible for workers’ compensation coverage. Is the cost of this expanded workers compensation coverage eligible?***

Increased workers compensation cost to the government due to the COVID-19 public health emergency incurred during the period beginning March 1, 2020, and ending December 30, 2020, is an eligible expense.

***If a recipient would have decommissioned equipment or not renewed a lease on particular office space or equipment but decides to continue to use the equipment or to renew the lease in order to respond to the public health emergency, are the costs associated with continuing to operate the equipment or the ongoing lease payments eligible expenses?***

Yes. To the extent the expenses were previously unbudgeted and are otherwise consistent with section 601(d) of the Social Security Act outlined in the Guidance, such expenses would be eligible.

***May recipients provide stipends to employees for eligible expenses (for example, a stipend to employees to improve telework capabilities) rather than require employees to incur the eligible cost and submit for reimbursement?***

Expenditures paid for with payments from the Fund must be limited to those that are necessary due to the public health emergency. As such, unless the government were to determine that providing assistance in the form of a stipend is an administrative necessity, the government should provide such assistance on a reimbursement basis to ensure as much as possible that funds are used to cover only eligible expenses.

***May Fund payments be used for COVID-19 public health emergency recovery planning?***

Yes. Expenses associated with conducting a recovery planning project or operating a recovery coordination office would be eligible, if the expenses otherwise meet the criteria set forth in section 601(d) of the Social Security Act outlined in the Guidance.

***Are expenses associated with contract tracing eligible?***

Yes, expenses associated with contract tracing are eligible.

***To what extent may a government use Fund payments to support the operations of private hospitals?***

Governments may use Fund payments to support public or private hospitals to the extent that the costs are necessary expenditures incurred due to the COVID-19 public health emergency, but the form such assistance would take may differ. In particular, financial assistance to private hospitals could take the form of a grant or a short-term loan.

***May payments from the Fund be used to assist individuals with enrolling in a government benefit program for those who have been laid off due to COVID-19 and thereby lost health insurance?***

Yes. To the extent that the relevant government official determines that these expenses are necessary and they meet the other requirements set forth in section 601(d) of the Social Security Act outlined in the Guidance, these expenses are eligible.

***May recipients use Fund payments to facilitate livestock depopulation incurred by producers due to supply chain disruptions?***

Yes, to the extent these efforts are deemed necessary for public health reasons or as a form of economic support as a result of the COVID-19 health emergency.

***Would providing a consumer grant program to prevent eviction and assist in preventing homelessness be considered an eligible expense?***

Yes, assuming that the recipient considers the grants to be a necessary expense incurred due to the COVID-19 public health emergency and the grants meet the other requirements for the use of Fund payments under section 601(d) of the Social Security Act outlined in the Guidance. As a general matter, providing assistance to recipients to enable them to meet property tax requirements would not be an eligible use of funds, but exceptions may be made in the case of assistance designed to prevent foreclosures.

***May recipients create a “payroll support program” for public employees?***

Use of payments from the Fund to cover payroll or benefits expenses of public employees are limited to those employees whose work duties are substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

***May recipients use Fund payments to cover employment and training programs for employees that have been furloughed due to the public health emergency?***

Yes, this would be an eligible expense if the government determined that the costs of such employment and training programs would be necessary due to the public health emergency.

***May recipients use Fund payments to provide emergency financial assistance to individuals and families directly impacted by a loss of income due to the COVID-19 public health emergency?***

Yes, if a government determines such assistance to be a necessary expenditure. Such assistance could include, for example, a program to assist individuals with payment of overdue rent or mortgage payments to avoid eviction or foreclosure or unforeseen financial costs for funerals and other emergency individual needs. Such assistance should be structured in a manner to ensure as much as possible, within the realm of what is administratively feasible, that such assistance is necessary.

***The Guidance provides that eligible expenditures may include expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures. What is meant by a “small business,” and is the Guidance intended to refer only to expenditures to cover administrative expenses of such a grant program?***

Governments have discretion to determine what payments are necessary. A program that is aimed at assisting small businesses with the costs of business interruption caused by required closures should be tailored to assist those businesses in need of such assistance. The amount of a grant to a small business to reimburse the costs of business interruption caused by required closures would also be an eligible expenditure under section 601(d) of the Social Security Act, as outlined in the Guidance.

***The Guidance provides that expenses associated with the provision of economic support in connection with the public health emergency, such as expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures, would constitute eligible expenditures of Fund payments. Would such expenditures be eligible in the absence of a stay-at-home order?***

Fund payments may be used for economic support in the absence of a stay-at-home order if such expenditures are determined by the government to be necessary. This may include, for example, a grant program to benefit small businesses that close voluntarily to promote social distancing measures or that are affected by decreased customer demand as a result of the COVID-19 public health emergency.

***May Fund payments be used to assist impacted property owners with the payment of their property taxes?***

Fund payments may not be used for government revenue replacement, including the provision of assistance to meet tax obligations.

***May Fund payments be used to replace foregone utility fees? If not, can Fund payments be used as a direct subsidy payment to all utility account holders?***

Fund payments may not be used for government revenue replacement, including the replacement of unpaid utility fees. Fund payments may be used for subsidy payments to electricity account holders to the extent that the subsidy payments are deemed by the recipient to be necessary expenditures incurred due to the COVID-19 public health emergency and meet the other criteria of section 601(d) of the Social Security Act outlined in the Guidance. For example, if determined to be a necessary expenditure, a government could provide grants to individuals facing economic hardship to allow them to pay their utility fees and thereby continue to receive essential services.

***Could Fund payments be used for capital improvement projects that broadly provide potential economic development in a community?***

In general, no. If capital improvement projects are not necessary expenditures incurred due to the COVID-19 public health emergency, then Fund payments may not be used for such projects.

However, Fund payments may be used for the expenses of, for example, establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity or improve mitigation measures, including related construction costs.

***The Guidance includes workforce bonuses as an example of ineligible expenses but provides that hazard pay would be eligible if otherwise determined to be a necessary expense. Is there a specific definition of “hazard pay”?***

Hazard pay means additional pay for performing hazardous duty or work involving physical hardship, in each case that is related to COVID-19.

***The Guidance provides that ineligible expenditures include “[p]ayroll or benefits expenses for employees whose work duties are not substantially dedicated to mitigating or responding to the COVID-19 public health emergency.” Is this intended to relate only to public employees?***

Yes. This particular nonexclusive example of an ineligible expenditure relates to public employees. A recipient would not be permitted to pay for payroll or benefit expenses of private employees and any financial assistance (such as grants or short-term loans) to private employers are not subject to the restriction that the private employers’ employees must be substantially dedicated to mitigating or responding to the COVID-19 public health emergency.

***May counties pre-pay with CARES Act funds for expenses such as a one or two-year facility lease, such as to house staff hired in response to COVID-19?***

A government should not make prepayments on contracts using payments from the Fund to the extent that doing so would not be consistent with its ordinary course policies and procedures.

## **Questions Related to Administration of Fund Payments**

***Do governments have to return unspent funds to Treasury?***

Yes. Section 601(f)(2) of the Social Security Act, as added by section 5001(a) of the CARES Act, provides for recoupment by the Department of the Treasury of amounts received from the Fund that have not been used in a manner consistent with section 601(d) of the Social Security Act. If a government has not used funds it has received to cover costs that were incurred by December 30, 2020, as required by the statute, those funds must be returned to the Department of the Treasury.

***What records must be kept by governments receiving payment?***

A government should keep records sufficient to demonstrate that the amount of Fund payments to the government has been used in accordance with section 601(d) of the Social Security Act

***May recipients deposit Fund payments into interest bearing accounts?***

Yes, provided that if recipients separately invest amounts received from the Fund, they must use the interest earned or other proceeds of these investments only to cover expenditures incurred in accordance with section 601(d) of the Social Security Act and the Guidance on eligible expenses. If a government deposits Fund payments in a government’s general account, it may use those funds to meet immediate cash management needs provided that the full amount of the payment is used to cover necessary

expenditures. Fund payments are not subject to the Cash Management Improvement Act of 1990, as amended.

***May governments retain assets purchased with payments from the Fund?***

Yes, if the purchase of the asset was consistent with the limitations on the eligible use of funds provided by section 601(d) of the Social Security Act.

***What rules apply to the proceeds of disposition or sale of assets acquired using payments from the Fund?***

If such assets are disposed of prior to December 30, 2020, the proceeds would be subject to the restrictions on the eligible use of payments from the Fund provided by section 601(d) of the Social Security Act.

If necessary, the Grantee shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the GOFERR determination whether to enter into this transaction. However, failure of the Grantee to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
