#### EXPLANATION

The Governor has authorized the allocation and expenditure of an initial \$400 million in emergency funding from the CARES Act Coronavirus Relief Fund ("flex funds") to provide emergency financial relief to New Hampshire small for-profit businesses due to the economic disruption caused by COVID-19. In order to be eligible, a business must have its principal place of business in New Hampshire and must have generated less than \$20 million in revenue during the 2019 tax year. In order to provide the most effective relief as quickly as possible, New Hampshire small businesses desiring to obtain relief will first be required to provide information concerning their possible COVID-19-related lost revenues and receipt of Paycheck Protection Program (PPP) loans or any other federal relief. This information will be used to determine appropriate relief criteria based on allowable costs and amounts to meet the needs of eligible small businesses, including whether the initial \$400 million is appropriate or needs to be changed.

The Mandatory Prequalification Period for small for-profit businesses runs May 15, 2020 through May 29, 2020. The announcement of program specifics is scheduled for June 5, 2020 with the Formal Application Period running from June 5, 2020 through June 12, 2020. It is anticipated that the DRA will begin processing relief payments shortly after the filing period closes.

Respectfully submitted,

Gerald H. Little  
Director, GOFERR
