His Excellency, Governor Christopher T. Sununu
State House

REQUESTED ACTION UNDER RSA 4:45, RSA 21-P:43, AND SECTION 4 OF EXECUTIVE ORDER 2020-A4 AS EXTENDED BY EXECUTIVE ORDERS 2020-05 AND 2020-08, 2020-09, 2020-10, 2020-14, 2020-15, 2020-16, 2020-17, 2020-18, 2020-20, 2020-21, 2020-23, AND 2020-24 AND SUSPEND THE MANUAL OF PROCEDURES 150, V., B., 1., REQUIREMENT.

Dear Governor Sununu,

The Governor's Office for Emergency Relief and Recovery (GOFERR) requests retroactive authority to amend the accept and expend Coronavirus Aid, Relief, and Economic Security (CARES) Act Funding to the New Hampshire Department of Education (DOE) to support the Student Program Enrichment Grant item by extending the end date from December 30, 2020 to March 31, 2021 to support administrative, compliance and monitoring activities, time extension only, no additional funds, effective upon approval by the Governor through March 31, 2021. Originally approved on October 13, 2020, and amended on December 30, 2020, attached. 100% Federal Funds.

The existing authorized budget lines to support this request for Fiscal Year 2021 are listed below:

Table with 2 columns: Budget Line Number and Amount. Includes 06-56-56-560510-19390000 STDNT PROG ENRICH-GOFERR COVID, 029 - Intra-Agency Transfers \$15,000, and 102 - Contracts for Program Services \$20,000.

EXPLANATION

This amendment is to extend the date by which the already authorized funds to support compliance and monitoring activities by DOE must be used only. While the program funds allocated to the recipients had an end date of December 30, 2020, the Department has the responsibility to perform compliance and monitoring activities, to include reviewing Final Reports submitted by recipients, and providing reports to GOFERR.

The governor has set aside \$1.5 million of CARES Act funding to be available for grants to student programs that provide enrichment opportunities to K-12 students.

Many of these programs, during the period of the pandemic, have had a difficult time connecting with students and connecting students with their programming. This has significantly curtailed the ability of students to participate in important enrichment programming that build important skills.

Organizations qualifying for these grants will be qualified non-profit organizations serving K-12 students in New Hampshire.

Grant applications will be made to the Department of Education for qualifying costs and program expenses. Qualifying costs and program expenses must be demonstrated in one of the following two ways:

- Qualifying costs may only be incremental program expenses (over and above normal operating expenses) or loss in revenue already incurred from March 1, 2020 to the present, or that will be incurred prior to December 30, 2020, and not otherwise reimbursed. Incremental program expense for this purpose means increases in program expenses due to COVID-19 over and above normal operating costs. Regular payroll, rent and revenue loss do not qualify as increased program expense. Losses in revenue as compared to 2019 from March 1, 2020 to December 30, 2020. Awards based on increased program costs or loss of revenue will use a short-form grant application.
- Qualifying program expenses are those designed to accomplish a specific goal or service of the organization beyond current programming that took place between March 1, 2020 and will be provided before December 30, 2020. A long-form sub-award grant application will be used for such programs.

In all cases, costs and program expenses must reflect the program response to the COVID pandemic. In addition, expenditure must be made by December 30, 2020 and all purchases must be in-use by that date.

This grant program will fit within the Invest in the Future funds including in the CARES Act funding category.

This funding will support these providers as the state continues to respond to the effects of the pandemic.

Funds for the Intra-Agency Transfers are to support compliance and monitoring activities.

Respectfully submitted,

Taylor Caswell
Director, GOFERR
