

NEU Webinar 2025 FAQs

Q: When is the 2025 Annual Report due?

A: The Annual Report covering the period between April 1, 2024, and March 31, 2025, is due on April 30, 2025.

Q: When will the Treasury Portal open?

A: The Treasury Portal will open on April 1, 2025, and close on April 30, 2025. You cannot submit your Annual Report before April 1, 2025. If the Portal opening is delayed, Treasury will provide further guidance.

Q: I'm having trouble logging into the Treasury Portal. What should I do?

A: If you cannot access the Treasury Portal or you are experiencing technical difficulties, please contact SLFRP@treasury.gov and/or covidreliefsupport@treasury.gov. While GOFERR and Guidehouse can provide general support for reporting, we do not have access to the back end of the Portal.

Q: If my NEU has spent all our SFRF funds, do we still need to file an Annual Report?

A: Yes, all NEUs will need to continue to submit Annual Reports until Treasury launches the closeout process, even if they have spent all their SFRF funds. You may see a closeout-related question while completing the Annual Report. **Responding to that question does NOT initiate the closeout process.** SFRF recipients should await additional guidance from Treasury regarding closeout procedures. If no information has changed between last year's Annual Report and this year's, you can re-verify the information from last year.

Q: Has my NEU closed out our projects yet?

A: No, to date no NEUs have completed closeout yet and still must submit Annual Reports. Treasury will release more guidance on the closeout process in the near future.

Q: Where can I direct further questions?

A: Please contact Madison Eagan (meagan@guidehouse.com), Dane Burrough (jburrough@guidehouse.com), and Siddharth Ramachandran (sramachandran@guidehouse.com) with further questions.
